

PCDART Workshops

February, 2017

To All DHIA Members -PCDART Users and Non-Users,

Winter workshops are just around the corner at Lancaster DHIA. If you would like to maximize the value of your DHIA data, plan to attend a workshop from the schedule below.

The meetings will **start at 9:30 AM (with coffee and donuts) and conclude at 3 PM.** Lunch will be provided.

Jennifer Potenzano will be with us from **DRMS** who is a PCDART technical support technician. She has experience with many valuable tools like the Pocket Dairy Android, Protocols and Chores for Medicated Feed Directive needs, and Timed A.I., plus many more things.

If you bring a backup of your herd data (or your own laptop if you use one), you can practice new procedures within your own herd and learning will be more meaningful. Feel free to bring vaccination programs or other protocols that you would like to implement within the PCDART program.

Monday, March 13th – Lititz Family Cupboard, Lititz, Pa. (**Lancaster County**) **LIMIT 25** Contact for questions – Field Coordinators Darvin Stoner (717-682-3044) or Becky Hershey (717-413-3331)

Tuesday, March 14th – Terry Martin Sr. residence, 920 Swamp Fox Road, Chambersburg, Pa. (**Franklin County**) Contact for questions – Terry Martin Sr. – Field Coordinator (717-725-2500)

Wednesday, March 15th – Williamsburg Community Farm Show building, 1019 Recreation Drive, Williamsburg, Pa. (**Blair County**) Contact for questions – David Bigelow Sr., - Director of Field Services (814-330-5222)

Thursday, March 16th – Hoss' restaurant, Somerset, Pa. (**Somerset County**) Contact for questions – Rodney Darr – Field Coordinator (717-471-0757)

There is a \$10 cost to help cover the cost of meals.

To register, please call the office at 888-202-3442 or email April@lancasterdhia.com at least one week before your workshop date. Registration ensures enough food and laptop space for everyone.
